Scoring Methodologies

Overlap with Teamwill Score (1-5):

- **5/5:** Direct competitor with ≥3 factors: Same geographic markets (Tunisia/France/MENA), specialized in credit/asset finance or automotive finance, similar client profile (banking/automotive captives/leasing), similar service mix (ERP implementation + consulting) [Digital Solutions +3](#)
- **4/5:** Strong competitor with 2-3 overlapping factors

- **3/5:** Moderate competitor with 1-2 overlapping factors or competes in adjacent services
- **2/5:** Peripheral competitor with minimal service overlap
- **1/5:** Negligible overlap

Teamwill Relevance Score for ERPs (1-5):

- **5/5:** Perfect fit - Either Teamwill-certified partner (Sofico Miles) OR strong alignment with Teamwill's specialization (credit/asset finance, automotive finance, banking) AND high MENA/Africa adoption AND Teamwill has implementation capability [Glassdoor +3](#)
- **4/5:** Strong relevance - Good industry fit (2-3 of Teamwill's target industries) AND medium-high MENA adoption
- **3/5:** Moderate relevance - Partial industry fit OR regional adoption but not both
- **2/5:** Low relevance - Poor fit for Teamwill's target industries
- **1/5:** Minimal relevance - Not suitable for Teamwill's business model

Automotive/Insurance Fit Scores (1-10 or 1-5):

- Based on: Vendor marketing positioning, customer base composition, industry-specific modules (e.g., APQP/PPAP for automotive, PolicyCenter for insurance), compliance certifications, case studies, analyst reports [Top10ERP +3](#)

DATA QUALITY & USAGE NOTES

Data Currency: All information represents 2024-2026 timeframe, with emphasis on FY2024-FY2025 financial data where available. [Wikipedia +4](#)

Currency Conversion: EUR to USD at 1.10 rate (2024-2025 average market rate).

Estimation Methodology: When exact figures unavailable, estimates based on:

- Industry benchmarks (e.g., typical ERP pricing per user/tier)
- LinkedIn employee count ranges cross-referenced with company disclosures [ZoomInfo +2](#)
- Analyst reports (Gartner, IDC, Forrester) for market share estimates [McKinsey & Company +2](#)

- Customer count estimates from Apps Run The World databases

CSV Format: Both files use standard CSV with:

- Comma delimiters
- Double-quote text qualifiers for fields containing commas
- UTF-8 encoding
- Header row with column names
- N/A for truly unavailable data (not estimated or approximated)

Usage Recommendations:

- Import into Excel/Google Sheets for sorting, filtering, pivot tables
- Use Tableau/Power BI for interactive dashboard creation
- Python/R analysis for correlation studies (e.g., overlap score vs revenue)
- CRM integration: Load competitors into opportunity tracking system
- Sales enablement: Filter ERPs by client industry for targeted pitches

Update Frequency Recommendation: Refresh competitive data quarterly, ERP ratings/reviews semi-annually, market share data annually (tied to Gartner/IDC release cycles).

STRATEGIC SYNTHESIS FOR TEAMWILL

Competitive Positioning: Teamwill operates in a highly competitive mid-tier consulting market with 9 direct competitors (5/5 overlap). The firm's strategic differentiation lies in:

1. **Niche specialization:** 100% focus on Credit & Asset Finance vs. generalist competitors [LinkedIn +2](#)
2. **Sofico Miles partnership:** Certified partner status in automotive finance/leasing ERP (unique differentiator) [LinkedIn +12](#)
3. **Geographic footprint:** 11-country presence spanning Europe, Africa, MENA, Asia balances scale with agility [Teamwill](#)
4. **End-to-end service model:** Consulting + Technology + Managed Services provides stickier client relationships [Teamwill +2](#)

Market Opportunity: The competitive analysis reveals white space opportunities:

- **Francophone Africa SME market:** Underpenetrated by Tier 1/2 competitors; Cegid/EBP/Dolibarr partnerships could capture high-volume, lower-margin business [sofico +7](#)
- **Automotive finance in MENA:** Sofico Miles certified partnership positions Teamwill uniquely as regional automotive captives expand [LinkedIn +14](#)
- **Mid-market insurance:** Gap between expensive Guidewire/Duck Creek and insufficient general ERPs creates opportunity for Workday/Sapiens implementations
- **Credit/leasing specialists:** Linedata competition indicates market demand; Teamwill's consulting model vs. pure software provides differentiation [Objectware EN](#)

Threat Assessment:

- **Tier 1 expansion:** Capgemini, Deloitte aggressive AI/cloud investment could commoditize Teamwill's services [The Finance Story +2 + 2](#)
- **Regional consolidation:** Wavestone, Talan, Sia Partners all recruiting heavily (1,000+ hires/year) and expanding geographically [CaseBasix +4](#)
- **Niche compression:** BFI, Proxym, WEVIOO in Tunisia creating local pricing pressure [Proxym + 2](#)
- **Client direct hiring:** Large banks/captives building in-house capabilities

Strategic Recommendations:

1. **Double down on Sofico Miles:** Market aggressively as automotive finance ERP specialists; expand certified consultant count [LinkedIn +14](#)
2. **Microsoft D365 partnership:** Pursue Gold/Premier status for F&O to capture fastest-growing mid-market ERP
3. **Africa expansion via open source:** Train consultants on ERPNext/Dolibarr for high-margin services in SME segment [Wikipedia +7](#)
4. **Cegid alliance:** Leverage their explicit Maghreb/West Africa strategy as implementation partner [soficoVISEO Asia](#)
5. **Insurance vertical:** Build Guidewire/Sapiens practice to diversify beyond automotive finance concentration

Client Messaging:

- **To automotive captives:** "Only Sofico Miles certified partner with credit/asset finance specialization in MENA" [LinkedIn +14](#)
- **To banks:** "20 years exclusively in financial services, not generalist consultancies" [TeamwillTeamwill](#)
- **To African prospects:** "11-country presence with Tunisia delivery center = nearshore cost, European quality" [Teamwill +2](#)
- **To mid-market:** "End-to-end services (consulting + implementation + managed services) vs. big firm handoffs" [TeamwillTeamwill](#)

This competitive intelligence project provides Teamwill with actionable data to refine positioning, prioritize partnerships, target acquisitions, and allocate sales resources effectively in a crowded but fragmented market.
